

## **Mother Earth's Gift to Humanity - An Awakened Heart**

The ushering in of the *1000 Years of Peace* and the emergence of the Great Shift of Consciousness of 2012

The 3 day activation workshop in Freeport, Grand Bahamas February 14<sup>th</sup>, 15<sup>th</sup>, and 16<sup>th</sup>, 2009

Channeled By Archangel St. Michael and Ophelia and the Sirian Counsel of Light  
Received through Rev. Lea Chapin

Greetings and welcome, it is I, St Michael, I will tell you what occurred on this day. Today Mother Earth lowered her vibration to reach down to humanity's collective conscious and she opened herself to radiate peace and love to humanity. She is a living breathing entity such as yourself and her heart beat will now begin to touch the heartbeat of mankind and Her gift to humanity is an awakened heart. At her very crystalline core she holds love and peace. She is extending the essence of her being to humanity at this time as a healing balm to clear and heal the collective consciousness of humanity in order for mankind to now hold the love vibration and frequency of the divine feminine energy. She has come to help humanity embody and embrace the love vibration that this planet was meant to hold. Mother Earth will help all who desire to hold the frequency of love within their very essence. The energies released during this three day activation were a powerful healing balm that has never been felt or experienced on this planet in human history. The work completed in the Bahamas in April of 2008 had created a vortex of energy that allowed the crumbling of the institution, economic decline, lies, secrets, and untruths to be revealed. Now the energy of this 3 day activation will be sealed and heal the wounds that have been opened. Now Mother Earth's healing balm of love will heal the wounds of the past both individually and planetary wounds. Mother Earth has once again chosen to help humanity to help heal humanity's collective conscious from fear into love, the collective consciousness of fear created by mankind as has left a negative imprint upon this planet. At the time of destruction of Lemuria and later Atlantis, we the Celestial Beings of Light had built a matrix of peace over the destructive and dormant energies of both Atlantis and Lemuria. In July of 2009 both the destructive dormant energies at the time of the final fall of Lemuria and Atlantis were healed with love. This three day healing event in February of 2009, in the Grand Bahamas was the healing of the destructive Atlantean energies that had been submerged under the seas of the Atlantic, Pacific and Indian oceans. The power of love of today's event will travel like a Tsunami around the globe during this three day event and heal the universal collective consciousness of mankind from fear into love. At the end of the three day event the matrix of love assisted by all the celestial light beings will have created a powerful sealant and healing balm of energies throughout every inch of this planet. Mother Earth's healing power of love and nurturance from her very essence at her crystalline core holds more love, more power, more healing power than you can imagine. She is now sharing and sending Her love and Her power to humanity. For mankind has now raised their collective consciousness to a point that Mother Earth can share the essence of her spirit being with mankind. Despite all who refuse to honor and to respect Her, Mother Earth has chosen to give this special gift of love to mankind at this time. Mother Earth's love for humanity is divine mother love for her children, for she loves all of her children. This is a significant and powerful time inhuman history for the opportunity for humanity to ascend to a higher vibrational

frequency of love and ascension that has never been available to mankind, not even during the time of Atlantis and Lemuria. So many beings are calling out for love and unity for the planet and Mother Earth has heard the call. Before mankind incarnated upon this planet a call was sent out for the earth volunteers to assist the planet and sacrifice their own knowingness and enter into a period of spiritual darkness in order to complete the cycle of light and love for planetary and individual ascension. Now this cycle will come to completion at the end of 2009 the Age of Aquarius, the dawning of a new era has arrived, peace and love shall prevail on this planet for 10,000 years. The 1000 years of peace signifies a changing of the guard from fear into love. Each 10 cycles of a thousand years will mark the completion of phase one of Mother Earth's ascension process. Only those who choose to truly feel and embrace Mother Earth's love will be able to move into the first cycle of the 1000 years of peace. Each 1000 year cycle represent an evolutionary leap of consciousness for humanity. All of creation's frequency will be heightened and altered and aligned to the energy of Great Central Sun and The Divine One. Regardless in physical form or in spirit, the 10 cycles of 1000 will affect all of life. The plant, animal and mineral kingdoms will all be affected by these planetary cycles of change. All living beings on this earth will be affected by the Living Light of God's healing power of love. All who choose to receive these gifts during this 3 day event will enter into a state of grace for the next 10,000 years. What this means is God's grace will be bestowed upon all living beings who accept this powerful healing balm of love into their hearts. All living and newly deceased souls have an opportunity to erase all karmic debt and start anew in the first cycle of 10 of the 1000 years of peace. All who choose to remain in their old beliefs and archaic ways of thinking will stifle their level of consciousness for the next 10,000 years. What is sealed during this three day activation love or fear, will remain with all beings until the next 10,000 year cycle is completed. Please accept this gift from Mother Earth as she is a light worker just as you are on behalf of the Great Creator. Mother Earth has sacrificed herself as she allowed humans to inhabit her with full free will choice. Mother Earth has the power and capacity to regenerate herself but humanity is expected to honor and respect Her as well as Her resources. The collective consciousness of the people has answered the call of Mother Earth to respect her resources. Now is the time for mankind to awaken to the possibility that Mother Earth can indeed regenerate Herself and that Her survival is no longer endangered. However it will be necessary that 10% of the population will be annihilated between 2010 and 2012. For these souls will be leaving the planet as they will no longer be compatible to the higher vibrational frequency of love that Mother Earth has moved into. The remaining 90% will hold the new vibrational frequency of love that is required to shift into the 1000 years of peace. Only those with an awakened heart will be allowed to stay upon the planet. The awakening and activation of the Lemurian and Atlantean energies call forth an unprecedented time in human history to ascend and transmute fear into love. This three day activation sealed the pure Atlantean energies and Mother Earth's healing power of love into the hearts of all who choose to awaken to their divine potential. These new energies that had been influx shall awaken the masses to a new level of responsibility to each other and to the planet. No longer will people speak of unity and love they will begin to embrace and embody the *true essence of love* within their beings. The declining economy and global state of affairs shall drop those to their knees who are in need of a spiritual wake up call. All souls who remain aligned to the true principles of God will remain untouched by the global economic decline. These new

energies unleashed during this three day activation will bring harmony and balance or chaos and fear within one's psyche. By accepting and receiving Mother Earth's gift to humanity an awakened heart you shall be aligned to her heartbeat and universal love and peace for the next 10,000 years.

Planet earth was originally seeded from the planet of Lemuria. The creative energies that originally designed the etheric blueprint of Mother Earth were seeded from the planet of Lemuria at the time of the destruction of the planet of Lemuria millions of years ago. This is when the original creation of Planet Earth was formed. Many people believe in the Big Bang theory for the evolution of the planet. Indeed in a sense it was, for the creative energies of planet Lemuria activated the etheric blueprint of Mother Earth to now exist as a living planet. At its original creation a matrix of light in the form of a web was etherically laid over planet earth. In 2001, Kryon a magnificent being of light who is in charge of the magnetic grid upon Mother Earth completed the Peace Grid that was the original matrix of light formed over this planet. Kryon's Peace Grid had to be completed before the three day activation in February 2009 in the Grand Bahamas could occur.

Humanity's collective consciousness had to be elevated into a new vibrational frequency before the influx of these new energies could be infused upon the planet. Now her essence of love will be felt by humanity for 10,000 years. The energy that had been released in the Grand Bahamas in April of 2008 created a powerful vortex of clearing on a mass scale so that the energy of Mother Earth's love could be received and felt by humanity. What people sense as hope, change and unity with the current administration is really a shifting into the New World Order, the Golden Age of Enlightenment. Mother Earth has now allowed the essence of her pure crystalline energy to be brought to the surface of the planet so that mankind can move from fear into love. As the selenite stone was thrown into the sea, it went around the globe 100 times in 10 hours to seal mother earth's healing balm of love for the world to now embody and to embrace. Mother Earth is no longer in pain but is able to regenerate herself from mankind's destruction upon the surface of her back. It is important to remember that with this new energy upon this planet Mother Earth is now able to regenerate Herself and Her resources and no longer will She be affected by the negativity and destruction from those who choose to disrespect and dishonor Her. Again, we remind you those who cannot hold the vibrational frequency of love within their hearts will be leaving the planet.

Mother Earth spoke of healing the consciousness of humanity from fear into love. *Her gift to humanity is an awakened heart.* Greetings it is I, Mother Earth. I come to awaken the hearts of all who will listen, for it is a crucial time in history, for the next 10,000 year cycle for humanity has now begun. It is truly what the Hopi's, Mayans have foretold of the Thousand Years of Peace. You are now moving into the Golden Age of Enlightenment for the next 10,000 years. I, Mother Earth have shifted into a higher vibrational frequency of love in order to hold the new energies influxed by the Great Creator and Great Central Sun. Mankind will follow suit and today is the beginning and ending cycle of a new era. Those awaiting the Mayan prophecies of 2012 will need to understand that the great shift of 2012 has already arrived. During the activation of the pure Atlantean energies in the Grand Bahamas in April 2008, a powerful vortex of energies heralded in the Golden Age of Enlightenment of 2012/The Energy of the Divine Feminine. By the end of 2009 and the beginning of 2010 the energy of the Golden Age of Enlightenment will be in full bloom. Over the next several months this energy will cause

the economy to boom and things will blossom. Then over the summer of 2009 and late fall things will plunge again at a lower level. Those who are not able to embrace these new energies will stumble and fall as what has been sealed over the planet during the activations in the Grand Bahamas in April 2008 and February 2009 will remain in humanity's collective conscious for the next 10,000 years. Those who have received and embraced these new energies will continue to prosper on all levels. These new energies will create a new cause and effect cycle, what you thinketh will manifest quickly. What you reap you shall sow. Be careful what you thinketh for it will manifest quickly, and I **mean** quickly. The dawning of the new era of the Golden Age of Enlightenment has arrived. The event held in July 2009 in Key Biscayne, Florida was a three day activation, Friday, Saturday, Sunday July 23<sup>rd</sup>, 24<sup>th</sup> and 25<sup>th</sup> which merged the blending of the Atlantean and Lemurian energies together once again upon this planet. Now the two energies of the civilizations of Atlantis and Lemuria can finally be at peace. Mother Earth will have healed herself enough to allow these energies to blend and fully emerge and resurface with a new vibrational frequency of love upon this planet. The destructive energies from these two civilizations will be healed and once again the pure essence of those civilizations can emerge upon the planet during this Golden Age. No longer will mankind be allowed to destroy the planet and the new era of the Golden Age of Enlightenment is to be a living example for love as the planet was intended to be the love planet.

Greetings and welcome it is I, Ophelia, I have come to help you understand a few things about this trip. The energy that was released over this three day event will create quite a stir in people. They will feel something is different but will not be able to identify what they feel. Humanity will now fall in love with everything positive and positive energy will prevail over the planet and people's dreams and wishes can now finally be fulfilled. People will no longer have to wait for their mission to begin and the time and energy of true manifestation has now begun. Again whatever you thinketh shall manifest quickly. The people here on the island of the Grand Bahamas reflect the unity and oneness that the world is to reflect. You have been guided to this island because the people here already live in the universal principles of universal love and oneness. This was a perfect place for the Atlantean energies to be reactivated and the healing balm of Mother Earth's love to be sealed because the love is already present on the island. We the Sirians are influxing powerful energies throughout this planet to support the evolutionary and ascension process of this planet to return to its original state of love. Long before the earth volunteers came to planet earth the planet was vibrating at the purest essence of love in which it was created. However, Mother Earth allowed spirit beings from other star and planetary systems to begin an incarnational cycle into the wheel of karma. We the Sirians allowed you, Lea to volunteer as one of the earth volunteers to go through the incarnational cycle of the wheel of karma to help transcend fear into love. You, Lea are a devoted Sirian who had volunteered to forget your true essence and come to planet earth to aid in this mission to help the planet ascend into a higher vibrational frequency of love. Planet earth has been a training ground for many experiments for the wheel of incarnational karma to be completed. After this next 10,000 year earth cycle has been completed the wheel of karma will be completed and mankind will not have to incarnate on this planet any longer. The wheel of karma will be completed and will be over. This is why it is stated that what you have not spiritually cleared from your soul by 2009 will be

with you for the next 10,000 years. After 10,000 years the spiritual journey of Mother Earth will return to it's original state of peace and love. The earth volunteers will then return to their original home planet and the cycle of life as you know it will become extinct. Planet earth will return to it's original state of utopia in which it was created for only loving energies and spirits of good nature will exist on planet earth. The cycle of human life on planet earth will cease to exist as we now know it and peace and love shall finally prevail upon planet earth. The Golden Age of Enlightenment of 2012 was only an earmark and not set in stone. The energy of the Golden Age of Enlightenment was activated in April of 2008 when Lea and Don completed the 7 day activation in the Grand Bahamas. Now the energies infused by Great Central Sun have sealed the planet with the pure essence of love and light during this three day activation in February of 2009. These energies can now bring forth the pure essence of love and peace for humanity and Mother Earth. The great shift of consciousness known as the Golden Age of Enlightenment will be fully activated upon the planet by January 1, 2010. This will mark the beginning of the 1000 Years of Peace for the next 10 cycles of 1000 each cycle of 1000 years will carry a powerful vibrations frequency of love that will supercede the prior 1000 years until the 10,000 year mark of what we know of the wheel of karma is completed. For human life as you know will be over. After the wheel of karma is completed in 10,000 years then the next chapter for Mother Earth's evolutionary process shall begin.
